**Re: MYERS, Daniel Lynn**  
Reg. No. 95490-022  
Docket No. 1:04CR00363-002

Dear Judge Mollway:

This is in response to the Court's recommendation that Daniel Myers serve his term of confinement at the federal facility in either Atwater, California, or Herlong, California. In addition, the Court recommended he receive medical treatment. Mr. Myers was sentenced in your court to a 336-month term for Conspiracy to Distribute and Possess with Intent to Distribute 50 Grams or More of Methamphetamine.

Unfortunately, we were unable to follow all of the Court's recommendations. Mr. Myers has been classified as a high security level offender. The Atwater facility houses high security level offenders, but based upon his medical classification, Mr. Myers is not appropriate for the Atwater facility. In addition, the Herlong facility houses minimum and medium security level offenders. Accordingly, Mr. Myers has been designated to the Victorville high security level facility in Adelanto, California, where he will receive appropriate health care services.

Although we were unable to follow all of the Court's recommendations in this case, please be assured of our continued commitment to satisfy judicial recommendations whenever possible.

Sincerely,
